

FASHION PARIS-FACULTY LED PROGRAM ~ J-TERM 2019

Meet Darien, a Merchandise Management grad (2020!) who, as a student, participated in the faculty-led program to Paris. Darien is now a Production Coordinator at Kohl's Corporate.

Do it!!! You will never regret experiencing life outside of what you're used to and the world has way too much to offer to not enjoy it!

1

Why did you choose Paris?

-When I was in 2nd grade, I had written an assignment about how my dream is to go to Paris someday. I had always loved fashion and when Paris arose as a study abroad opportunity while I was studying Fashion Merchandise Management, I simply could not pass it up!

2

Housing:

-We stayed in apartments across the street from the sister school we studied at. It was a lot of fun to have freedom and independence, while feeling like we were fully engaged in the culture of a local. Grocery shopping, going to the laundromat, and cooking in the apartment kitchens with close friends was such a great experience!

3

How has study abroad impacted you?

-Studying abroad opened my eyes to the wide realm of possibilities within the industry and made me even more passionate about my major! I immediately knew that I wanted a career in the retail/fashion industry. It also helped me grow more comfortable with international travel and I have a long bucket list of places I'd like to see now!
