

WAUKESHA
COUNTY TECHNICAL
COLLEGE

A.A.S. Human Services > B.A. Sociology: Healthy Communities

The Sociology Major prepares students in strategies for building stronger communities. Many neighborhoods and communities are struggling to be safe, productive, pleasant places to live and work. Mount Mary's Sociology Program provides students with knowledge and skills to critically analyze the social structures, institutions, and cultural attributes that make a community successful. We study how communities develop in a positive way; we visit community agencies to see what works and what needs improvement; and we have students experience building strong communities. We want our students to be effective leaders of organizations that are characterized by diversity. The Sociology program helps students understand how social systems work and affect lives of individuals and families locally and around the world. Students learn to understand social issues and how to work toward social justice.

Agreement Description: The purpose of this degree completion agreement is to provide a seamless transfer process for learners at Waukesha County Technical College to enter Mount Mary University for further education and credentials.

Students holding an A.A.S. in Human Services from Waukesha County Technical College should be able to complete a B.A. in Sociology: Healthy Communities within two full-time years, or 62 credits. Time to completion may be accelerated by transferring in up to 72 carefully selected credits (6 beyond the 66 required credits for the A.A.S) from Waukesha County Technical College.

A.A.S. Human Services > B.A. Sociology: Healthy Communities
