THE MAGNITUDE OF CHOICE

Choice is universal. Every day, every hour, every minute offers opportunities to make choices that move or pause us, lift or lower us towards our individual purpose. Hear Kat Esser, innovator and leader, share how she uses the power of choice to harness her greatest purpose. Her engaging stories will inspire others to unlock the power of possibility and courageously embrace the growth potential held within the magnitude of choice.

Esser has held innovation leadership roles for over two decades across industries and organizations including; Calvin Klein, Martha Stewart, Kaiser Permanente, Deloitte and Amazon.

SPONSORSHIP OPPORTUNITIES

WHAT: Mount Mary University's **Voices of Leadership** inspires business leaders, community members and alumni through conversation and connection with women leaders. The event also enhances the Mount Mary student experience through student projects aligned with themes from the keynote address.

WHEN: **Thursday, November 14, 2024 • 7:30 a.m.**
Mount Mary University • Alumnae Dining Hall, Bergstrom Hall
2900 North Menomonee River Parkway, Milwaukee, WI 53222

WHY: A 2023 Pew Research Center report showed just 10.6% of CEOs at Fortune 500 companies were women. Other reports show women account for only 23-30% of senior leadership roles across all other sectors. The Voices of Leadership event provides a platform for women leaders to share their knowledge and inspire others to reach their fullest potential.

YOUR IMPACT: Your support provides vital experiential learning and networking opportunities aimed at developing women leaders in our community. It also ensures this event and its educational components continue to be accessible to Mount Mary students as we continue to inspire the next generation of women leaders. Proceeds from our 2024 Voices of Leadership event will benefit our General Scholarship Fund which last year provided over \$87,000 of financial aid to undergraduate students at Mount Mary.

“ No path is given, it is made of a chain of choices that, while inextricably linked, are non-linear; moving us toward a purpose that only each of us – not others or the world – can name. ”

– Kat Esser

Partners of the Voices of Leadership programming enjoy the benefits outlined below. In addition to providing opportunities for your staff or colleagues to grow as leaders, your partnership is providing invaluable opportunities for Mount Mary students as well. Mount Mary students are able to attend the event through thoughtful sponsorships and learn from, and network with, local businesspeople as they are preparing to enter the workforce.
